NOTE

Before shipping your device, please observe the following information:

- The device must be cleaned and disinfected before shipping. No health hazard, e.g. through poisonous, carcinogenic, bio endangering or radioactive substances may come from the shipped device. The shipper alone is responsible for any damages resulting from insufficient cleaning and disinfection.
- Please observe the cleaning and disinfection instructions in the operating manual of the device.
- Once wiping disinfection has been carried out, this letter must be attached to the device as verification.
- **Improper cleaned devices and devices without cleaning verification will be returned to sender without checking or repair for security reasons.**

WARNING

The operator should never use any other cleaning or disinfection methods than those recommended by the manufacturer in the valid operating manual.

If other cleaning or disinfection agents are used, you must check in advance with the manufacturer that these materials will not damage the device.

We also draw your attention to the hygiene measures and regulations issued by your hospital or laboratory.

The shipper officially states that

- **the device has / the devices have been cleaned carefully and decontaminated and disinfected before shipping.**
- **no health hazard, e.g. through poisonous, carcinogenic, bio endangering or radioactive substances comes from the device / the devices.**
- **he is aware of the fact that claims can be asserted for damages caused by contaminated devices.**
